

## SHARI SILKOFF, ASID

Shari Silkoff, principal interior designer of Bayar Designs, Inc., has a design philosophy that extends to projects both large and small: the home should be a sanctuary, a pleasure to walk into, a pleasure to be in.

**Furniture** I custom design practically all my furniture with Jephrey Scott in Fort Lauderdale. Duralee in DCOTA is another great resource; along with their wonderful fabrics, they have a terrific furniture line.

**Artwork** I love to work with artists and galleries from all over South Florida and New York. Las Olas Fine Arts is a local favorite. They have wonderful originals in painting and sculpture. Dana Donaty Designs does gorgeous murals and faux finishes.

**Flooring** Faith Oriental and Gershon Carpet in DCOTA literally cover all the base.

**Lighting** Jerry Pair Fine Furnishings and Jolo in DCOTA have both the elegant, modern take on traditional and contemporary designs that meet almost all my needs.

**Storage pieces** I custom design my wall units – my absolute favorite high-end company is Northern Monkey Design, Inc. of Fort Lauderdale. They do absolutely amazing craftsmanship.
